Ray Levandowski drives around a man and goes in for a lay-up.

Nice tackle Cliff! Cliff Beaudoin looks like he's using football tactics to help bring the reserves another victory.

Doug Baker moves in to grab this loose ball in a reserve game with St. Agatha.

Although there are many outstretched arms, no one seems to be able to grab this loose ball.

As Joe Redding shoots during a reserve game with St. Thomas, it looks as though a line is forming for the rebound.

The nucleus of this years track team. Standing: Don Coughlin, Steve VanOoteghem, Carl Michalek, George Wilson, and Coach Delaney. Kneeling: Bob Libbrecht, and Dave Toth.

Athletics

Coach Delaney reviews basic fundamentals to the returning first stringers of the baseball team. Rick Cassidy, Mike Leavey, Mike Conniff, Art Mier, Hank Dunick, and Larry Figurski.

Father Cronin demonstrates his putting technique to the members of the golf team. Pete Schlegel, Ray Levandowski, Joe Connolly, Hank Dunick, and Ray Stefanic.

Although not a school sponsored sport, hockey is very popular around Sacred Heart. Shown here are: Joe Connolly, Rick Cassidy, Dennis Sheehan, and Bill Buckley.

ELECTRICALLY *Are you coming back for more education?*

*Getting a job? Establishing a home? What's all this got to do with electricity?
Just this: Whatever the future brings you, electricity will be there to help.*

For right now we are entering a whole new era of electric living. The home you start will be easier to take care of, more fun to live in, with help from electric appliances. Complete electric home heating, practical and convenient, is growing every day. Your job will be smoother, too, with electrically operated equipment and an increasing array of electronic devices. Even your education benefits from continuing research in many fields related to electricity. One day, you personally may help to create new and better ways to do things electrically.

So no matter who you are, where you are or what you're doing, your future will continue to be brighter, your life will be lighter through electricity.

Dearborn High

The September sale of old books becomes real business to upperclassmen, especially William McGrail.

Seniors give freshmen initiation honors to Robert Carney who has to circle the campus for an hour after school.

"There's a girl I'd like to meet"

"I've been watching all evening how pleasant and charming she is to everyone. I'm told her name is Betty, and she works for the telephone company."

Yes, Betty, through her day-to-day training on her telephone job, has gained poise and confidence—real assets to an attractive, winning personality.

When she started her job, Betty had no experience in telephone work. But she was trained with other beginners by Michigan Bell's friendly, understanding supervisors. Today Betty's proud of her work; enjoys a fine salary, regular wage increases, and many new friends.

What more could any girl ask in a job? Get in touch with us—perhaps you'll find there's one of those interesting telephone jobs for you.

A Good Place to Work

MICHIGAN BELL TELEPHONE COMPANY

Room 204 wins ad campaign and celebrates!

Yearbook editors, Donald Lutz and Edward Roose, find themselves surrounded at "lunch break."

"What's cooking?" Coach Delaney is caught viewing the day's food, Mrs. Coyne.

Autographs

To us graduates, the word and promise of "someday" has at last become a reality. As we leave Sacred Heart we realize our places will be filled by underclassmen who will also have attained *their* "someday." Senior Shamrock Staff members Sue MacDonald, Raymond Levandowski, Edward Roose, and Eveliegh Gebauer.
